

A CLASSICAL CHRISTIAN SCHOOL IN WEST MONROE, LOUISIANA

12 January 2024

NOTICE TO PUBLIC

Notice to Parents, Students, and Employees of Geneva Academy:

In December of 2023, a comprehensive inspection was completed of all structures used by Geneva Academy (Sanctuary & 2 floors of classrooms) for the purpose of locating and identifying “Asbestos Containing Materials.”

An Asbestos Management Plan was developed for the facility to be kept on file on site. A copy of the plan for the facility can be located in the school office and is available for public inspection during regular school hours.

As funding allows, Geneva Academy will continue its ongoing efforts to manage presence of “Asbestos Containing Materials” in our school.

Sincerely, Edwin Lang

Headmaster Geneva Academy
